
PHD RESEARCH APPRENTICESHIP REPORT

This form is available in Word format in [OWL](#)→[More Sites](#)→[SOCGRADSINFO](#)→[Resources](#)

The Research Apprenticeship milestone is normally completed during the first or second year of the program. The student will spend some 60 to 100 hours working closely with a given faculty member on a research project. No grade will be assigned except that the requirement has or has not been met. This non-credit course is required of all PhD students in Sociology. (Please note that this requirement cannot be fulfilled through a reading course).
